

## Who We Are

We are the California Faculty Association, the labor union that represents the California State University faculty, including tenured/tenure-track faculty, lecturers, librarians, counselors and coaches.

Every day, nearly 25,000 full-time and part-time faculty members educate and inspire more than 400,000 CSU students on 23 campuses across the state. Through the efforts of thousands of CFA members, we have made historic gains. CFA has bargained strong contracts, addressed faculty working conditions, and supported legislation and state funding essential to CSU students, faculty and staff. CFA stands for affordable, accessible and quality higher education for all Californians.

Your union membership is essential to our strength and success in meeting the challenges ahead. Together, our hard work is needed to lobby for adequate state funding, to enforce our contract, to address growing faculty workload, and to plan for our next contract negotiations.

CFA is Working for the Future of the CSU.
